

Low-power Intelligent 4G Spotlight Camera

AY-ECU-4GB100

4G Battery Camera

Features

- ★Intelligent Detection: Self-owned intelligent detection algorithm to effectively reduce false positives
- ★Ultra-low power consumption: Intelligent power saving, long standby, 9000mAh original rechargeable battery, normal use 6 months
- ★Two-way voice intercom, SD card video query, Cloud recording query, device sharing, device transfer, APP online update device firmware

Product Name	AY-ECU-4GB100	
Chipset	T31	
4G network	FDD:B1/B3/B5/B8 TDD:B34/B38/B39/B40/B41 WCDMA:B1/B5/B8	
PIR Detect	PIR Detect 10 meters	
Storage	Support Max 128G/Cloud Storage	
LED	Spotlight + Infrared led,Colorful Nightvision,10 meters IR Distance	
Indicator Light	Blue,Red	
Button	Reset Button;ON/OFF Power Switch Button	
Network configuration	Acoustic Network configuration	
Video Recording	TF card recording, support mobile phone local recording,Cloud recording(7days for free)	
Push Massage	Push within 1 second	
Motion Detection	PIR motion detection, high sensitivity / medium / low level adjustable	
Image Sensor	Sensor	1/2.9 Inch 2MP Image Sensor
	Resolution	1920*1080/2.0MP
	Size	1/2.9"
Lens	Focal Length	3.6MM
	Aperture	F2.4
	Perspective	Diagonal 135°

Audio	Horn	8Ω/1W
	MIC	Support, sound capture distance > 3 meters
	Intercom	Two-way voice intercom
	Echo cancellation	Own echo cancellation
	Howling	Howling suppression
Wake-up	Wake-up Method	Mobile phone remote wakeup, PIR detection wake up
	Wake up time	<500ms
Power	Battery Powered	9000mAh rechargeable lithium batteries
	External Power Supply	TYPE-C Port(DC5.0V)
	Working Current	350mA/3.7V
	Standby Current	3mA/3.7V
	Standby	6 months
	USB Charge	7 hours full charge
General		
Operating Temperature		"-10 ~ +60 °C
Storage Temperature		"-20 ~ +70 °C
Waterproof Level		IP66
App		Onecam
